CONTEXTO

Este informe recoge los resultados correspondientes al año académico 2025-2026.

El nivel graduado presenta la ejecución de sus estudiantes en seis dominios del aprendizaje:

- Contenido de la Disciplina, Destrezas y Disposiciones
- Pensamiento crítico
- Comunicación efectiva
- Competencias de información
- Investigación y creación
- Responsabilidad social

La información que se presenta a continuación presenta de forma gráfica la ejecución de los estudiantes de cada programa tal y como se presenta en OLAS, luego que los coordinadores de avalúo y los profesores hacen el ejercicio de entrar los datos que han obtenido al utilizar diferentes modos de avalúo.

En el nivel graduado por lo regular se recoge información de los datos de seminario, tesis y proyectos de diferente tipo acorde con la especialidad. Veinte y ocho programas registraron datos en la plataforma. Cada programa mide el desempeño estudiantil en estos dominios con base en una expectativa institucional de pase del 70% o más. Es decir, se espera que los estudiantes demuestren el 70% de alcance en los dominios evaluados.
